

All Purpose Cleaners

From multi-purpose cleaners and deodorizers to all purpose stain removers. Prime Source all-purpose cleaners come in ready-to-use and dilution formulas (depending on the product offering) for a variety of janitorial and housekeeping tasks.

Bathroom Cleaners

Prime Source offers a full line of cleaners, disinfectants, and deodorizers to keep restrooms clean, fresh, and conveying a positive impression about your facility.

Carpet Care

For machine carpet cleaning applications, Prime Source products are formulated with optical brighteners and soil retardants, deliver quick drying times with no soap residue, and leave a clean, fresh scent.

Degreasers

Prime Source's full line of degreasers, developed to meet your cleaning needs, range from concentrated, water-soluble, liquid detergents to aggressive citrus cleaners, all formulated to tackle the most difficult greasy soils.

Deodorants

Prime Source deodorants are specially formulated to fight stale air and smoke odors in multiple areas of your business or operation. Our lemon deodorant concentrate can be used as a space spray or an additive to detergents.

Dish Detergents

Prime Source dish detergents are mild on hands and tough enough to clean the greasiest cookware. All lotion and powder dish detergents are formulated with skin conditioners.

Disinfectants

Be confident you have the proper disinfectants to reduce the spread of disease with Prime Source products. From hospital grade disinfectants to address HINI, TB, and MRSA concerns to industrial grade disinfectants for general hard surface cleaning, Prime Source has the product to meet your cleaning and disinfecting needs.

Drain Maintainers

Prime Source drain maintainer keeps drains open and flowing freely because of our unique free enzyme technology. Our easy-to-use, environmentally-friendly product is gentle on plumbing and safe for septic systems. Ideal for use in restaurants and institutional foodservice operations.

Floor Care

Prime Source has a comprehensive offering of floor care products including ultra-high solid floor finishes with high gloss shines, innovative terpolymer finishes, combination sealer/polish with the latest polymer technology, as well as standard and "no rinse" floor stripper formulas.

Glass Cleaners

Prime Source glass cleaners are institutional-strength, non-ammoniated products. Simply spray on, wipe off, and polish dry with a clean cloth. Excellent on glass, whiteboards, and Plexiglass®.

Hand Soaps

Our pink and white pearlized hand and body soaps produce a pH balanced, luxurious lather that is mild on skin, making it perfect for use as a hand soap or head-to-toe body shampoo. Both are available in gallon jugs.

Kitchen Equipment Cleaners

Prime Source offers ready-to-use freezer cleaners and oven/grill cleaners for institutional and commercial kitchens. Our freezer cleaner works quickly to remove soils in sub-freezing conditions. The oven and grill cleaners rapidly penetrate soils to emulsify them for easy removal.

Laundry Detergents

Prime Source powdered laundry detergent, designed for use in commercial and institutional facilities, can be used in almost any machine. It performs best in soft-to-moderate water conditions and light-to-moderate soil loads.

Lubricants

Prime Source food grade mineral oil, for use in food preparation and agricultural industries, lubricates trolleys, meat hooks and other equipment in the food processing environment. It is designed for applications requiring a straight, non-toxic, white mineral oil. Meets the following product standards: 21 CFR 172.878(a); 21 CFR 172.878(c), and; NF-18.

Sanitizers

There are two Prime Source products to meet your sanitizing application needs. When used as directed, Sani Rinse does not require a potable water rinse for glassware and cooking utensils. Premium Plus PS-512 is for use in supermarket, hospitality, healthcare, and education segments.
