

HAND CLEANERS

ITEM #
552

9900562_20160310

This concentrated hand soap can be diluted to provide outstanding cost effectiveness and efficient cleaning power. The natural glycerine from pure edible grade coconut oil cleanses the skin thoroughly, rinses freely and leaves hands feeling soft. This hand soap is formulated to deliver abundant lather even in hard water. Liquid hand soaps are more sanitary than bar soaps. The fresh floral scent and dilutable formula make this hand soap an excellent choice for any refillable pump dispenser. This soap will never turn rancid and will remain unfrozen at temperatures below 20°F.

Features	Related Benefits
Concentrated	- Cost savings
Coconut oil based hand soap	- Creates rich, copious lather
Natural glycerine emollients	- Does not dry or chap skin
Contains no synthetic detergents	- Gentle to skin, designed for frequent use
For pump dispenser	- More sanitary than bar soaps
Fresh floral fragrance	- Leaves hands fresh and clean

Areas of Use -

- Hotels, motels, campgrounds
- Hospitals, patient rooms, nursing homes, health care facilities, clinics
- Schools, offices, child care centers
- Restaurants, retail, transportation, and public facilities

To Use -

Dilute 1 part soap with 2 parts soft water. Wet hands and apply soap to work up a rich lather, then thoroughly rinse. **See label for complete directions and use only as directed.**
